SVMVS VICESIMAPRIMA

One of our songs, inspired by a piece by Farya Faraji.

Svmvs Vicesimaprima Legio Rapax
Avferte de via, decedite!

Cornv sonat pedem inferre
Milites Romani procedite!

Nostra svperbia est in Legione
Et pvgnans peditatvs est domvs gensqve

Nos signa seqvimvr, qvocvmqve nos dvcvnt
A barbara Germaniae silva

Pater Iove avdi nos cantamvs pro te
Facimvs imperivm sine fines

Hostes plorant dvm resonat nostrvm cornv
Ad pvgnam ambvlamvs sine metv

Clavdite portas abscondite filias
Nam venit legio nvlla est clementia

Miles romanvs non qvaerit pacem
Ferrvm nostrvm fata decernit

Asellio clamat, vitem pvlsat
Svrgite asini tempvs fvgit
